## Chapter 1 by Will Coloff

You sat at your desk doing your report on SCP-555 when suddenly, the lights go out.

## Chapter 2 by ArtemisNine

**\*you go out of your office to investigate\***

"Hello?"

"Dana?" Once office down, Kali pokes her head outside. "Do you know why the lights are out?"

You shake your head. "I'm going to investigate."

Somewhat cautious, you step outside your office and begin to head towards the front desk. It's after hours, almost everyone has gone home. Frowning slightly, you spot the closed doors. Jiggling the handle, you find them to be locked.

Suddenly, on every screen in view, you see the bright flashing words:

**CONTAINMENT BREACH**

Chapter 2 by ArtemisNine

"Okay... that sounds... bad."

You wait for a few seconds, but the message doesn't go away. It only flashes periodically, in a way that was ominous the first few times and is now simply annoying. Soooooooo annoying. Annoying to the point where you get the urge to leave just to spite whoever wrote it.

Besides, they probably don't mean destroyed- destroyed. Probably?

You search your desk for a paperclip. Your parents wanted you to have a well-rounded childhood, and that included how to pick locks.

There's no reason to stay here, when you can just leave. What could possibly go wrong?

#### Chapter 4 by BEANSBOI

Once you unlocked the door the air felt sour and humid bodies laid everywhere from Nine-Tailed Fox To Choas Insurgency Whoever seemed to have killed them left no pulse you went over to check one of the bodies and saw a neck snap another body was just lifeless you hear footsteps coming closer and hide behind a wall.
